

Hydro One Inc.

Tower line maintenance April 1 2017 To June 30 2017

Notification of towerline maintenance commencing in April 1 2017 To June 30 2017

Please accept this letter as notice that Hydro One Inc. will be performing refurbishment of the structures, in the form of painting in the above months on the existing transmission line L2M within our easement right-of-way located on your property.

There may be some vegetation removal and tower base clearing required.

Vehicles that maybe used:

Pick ups

Small off road motorcycles 4/6-wheel material carriers

Steel tracks bombardiers

Large bucket trucks

Cranes

Hydro One crews will do their best to schedule work within easement or ownership corridor lands. However we may require owner cooperation in granting alternative access to avoid land damage as much as possible.

Should you have any concerns regarding this construction project, please contact: Ryan Hass Hydro One Lines Technician @ 1 613 290 9488 Or Bruce Froats Hydro One property representative for any property concerns @ 1-613-720-0266.

A handwritten signature in dark ink that reads "Bruce Froats".
